How to Assemble:
The Sofa 2.0

FLOYD

Components

6x Legs

1x Floyd Tool

12x Knobs (A)

12x Pins (B)

12x Bolts (C)

FLOYD

Components Cont'd

1x Back Panel

1x Seat Panel

2x Back Cushions

3x Seat Cushions

2x Arm Cushions

2x Arm Panels

FLOYD

Ottoman Components

4x Ottoman Legs

2x Connector Plates

12x Knobs

1x Ottoman Panel

1x Ottoman Cushion

FLOYD

Step: 1

Assembling the Base

FLOYD

Step: 1A

Align the Legs

With the help of a friend, flip the main seat panel onto its front edge. We recommend doing this on a rug or product packaging to protect the seat edge and your floor.

Slide a leg onto the end of each crossbar along the bottom of the seat panel. Then, insert two pins (B) into the holes on the leg and through the crossbar as shown.

NOTE: The pins should click into place – make sure they go all the way through both sides of the leg.

FLOYD

Step: 1B

Secure the Legs

On the same leg, insert two knobs (A) into the holes on the bottom of the plate. Turn to tighten.

Repeat these steps for the remaining 5 legs, following the same order — first pins, then fasteners.

FLOYD

Step: 1C

Attach the Arm Rests

Once all six legs are securely attached with both pins and knobs, have your friend help flip the seat base upright.

Next, take one arm panel and place it on the small ledges of the side legs.

FLOYD

Step: 1D

Secure the Panels

Align the holes in the arm panel with the support holes. Insert a bolt (C) through each hole in the panel and into the hole in the leg.

Turn the bolt by hand to ensure that the bolt is tightening, then use the provided hex key to fully tighten the bolt. Attach the remaining arm panel and back panel the same way.

Make sure all panels are securely attached before adding cushions.

FLOYD

Step: 1E

Attach the cushions

Now you're ready to add the cushions!

The two widest cushions are for the back, three smaller cushions are for the seat, and the smallest two cushions are for the arms.

If you don't have an ottoman, that's it—you're done!

FLOYD

Assembling the Ottoman

FLOYD

Step: 2A

Assemble the Ottoman

Begin by turning the ottoman over to attach the four legs to the bottom with the knobs.

Once again, we recommend doing this on a rug or the packaging it came in to protect the surface of the panel.

FLOYD

Step: 2A

Choose a side

Once all four legs are attached, flip over the chaise panel.

If you'd like to attach the ottoman to your sofa for use as a chaise, identify which side you'd like to attach it to—you can always change it later!

Step: 2B

Attach the Ottoman

Using the connector plates, attach the Ottoman to the base with two of the provided knobs.

The side of the plate with the longer slotted hole should attach to the bottom of the seat panel, as shown.

Use the remaining two knobs to fasten the Ottoman connector plates to the Seat Base.

FLOYD

Step: 2C

You're done!

That's it! Simply add your Ottoman cushion and enjoy your new Sofa.

WARNING ▲

READ ALL INSTRUCTIONS **BEFORE** ASSEMBLY & USE. ADULT ASSEMBLY REQUIRED. KEEP SMALL PARTS AND PACKAGING AWAY FROM CHILDREN

NOTES ON USE:

Keep children and others safe by following these simple rules:

Do not allow any child to play on furniture

Do not allow climbing on any piece of furniture

Do not allow hanging from any piece of furniture

Exercise caution when children are near or sitting on sofa. Do not allow children to play under sofa or jump on sofa. There is a risk of injury from not following these warnings. Keep all packaging and parts away from children. There is a risk of choking and suffocation.

Assembly:

Do not change the specifications or modify this product or use for any other purpose beyond its intended use as a sofa. Incorrect assembly can cause the product to fail and cause personal injury.

Double check that all fasteners are tightened and all pins are securely in place before use. Ensure that the back and arm panels are securely fastened to the legs and cushions are in place before using. Use caution and have someone assist you when assembling and flipping the sofa over.

Usage:

Remove all packaging before first use. Check periodically that all fasteners and pins are securely tightened and in place. Be aware that fasteners may become loose with prolonged use. The legs, panels, cushions, and hardware components are only intended as shown for use with the Floyd Sofa. The sofa is only meant for use indoors. The sofa has a tested capacity of 300lbs per seat. Loading it with more than this can cause personal risk and injury. Standing on, jumping on, or sitting on the arm or back panels may cause personal risk or injury.

Cleaning/Care:

For mild spills, blot with a paper towel. For tougher spills, use a mild soap and water mix. To make the

soap and water mixture, take 1 teaspoon of a liquid detergent such as Tide and mix it with 16 oz. of water in a bowl or plastic container—do not over wet the material. Cushion covers should not be removed and laundered—doing so could negate the stain resistant technology.
